TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3
Frontend: React.js, Next.js, Tailwind CSS, Bootstrap, Redux Toolkit, Responsive Web Design
Backend: Node.js, Express.js, REST APIs, JWT Authentication, CRUD Operations
Databases: MongoDB, Mongoose, Prisma ORM (Basics)
Developer Tools: Git, GitHub, Linux, VS Code, npm
UI/UX: Figma, Wireframing, Prototyping, Design Systems, Responsive Design

WORK EXPERIENCE

Full Stack Developer Intern

Jul 2026 – Present

Trialshopy Marketplace Pvt. Ltd.

Remote

- Developed and maintained the company's official portfolio website using Next.js, React.js, TypeScript, and Tailwind CSS.
- Collaborated with the founding team on investor-facing pages for the company's AI-powered Virtual Try-On and Hyperlocal Commerce Platform, supporting a **Rs. 20 lakh** Startup Bihar seed funding round.
- Prepared digital assets for Trialshopy's product showcase at **CAB 2026**, Chandigarh University Technology Business Incubator (CU-TBI).
- Ensured cross-browser consistency and mobile responsiveness across all investor and public-facing pages.

Frontend Developer Intern

Jul 2025 – Sep 2025

TechBuzz Ideas

Remote

- Built responsive and reusable React.js components, reducing UI development time across multiple pages.
- Converted Figma prototypes into production-ready interfaces with pixel-perfect accuracy.
- Improved frontend performance and accessibility, collaborating via Git/GitHub in a code review workflow.
- Assisted in debugging and testing features across devices to ensure consistent UI behavior before release.

PROJECTS

Devora | *React.js, Node.js, Express.js, MongoDB, Gemini API, JWT* | [Live](#) | [GitHub](#)

- An AI-powered career platform featuring mock technical interviews, ATS resume analysis, keyword-gap detection, and personalized developer career insights.
- Developed REST APIs using Node.js and Express.js with MongoDB for persistent data management and JWT-based authentication with bcrypt.
- Integrated Google's Gemini API to generate AI-powered interview questions, feedback, resume analysis, and career recommendations.

Marvel | *Next.js, TypeScript, Tailwind CSS* | [Live](#) | [GitHub](#)

- An interactive platform for exploring the Marvel Cinematic Universe across phases, timelines, characters, and multiverse realities.
- Implemented an interactive spatial canvas with pan-and-zoom navigation, narrative connection arcs, multiverse exploration, and search functionality.
- Built reusable TypeScript components using Next.js and Tailwind CSS with a focus on responsive design and interactive storytelling.

Calendar App | *React.js, JavaScript, CSS, Vercel* | [Live](#) | [GitHub](#)

- A responsive calendar application with intuitive day, month, and year navigation using JavaScript's Date API.
- Designed a clean, mobile-friendly interface using CSS and deployed the application on Vercel.
- Implemented dynamic date calculations and seamless month-to-month transitions.

EDUCATION

Uttarakhand Technical University

Uttarakhand

Bachelor of Technology (Computer Science Engineering)

Sep 2022 – Jul 2026

Universal Convent Senior Secondary School

Uttarakhand

Secondary Education (10th)

Mar 2020

Senior Secondary Education (12th)

Mar 2022

CERTIFICATES / ACHIEVEMENTS

UI/UX Design for Beginners – Simplilearn SkillUp | [Link](#)

Design Thinking, Wireframing, Prototyping, Figma, Accessibility.

Blockchain Basics

Blockchain fundamentals, smart contracts, consensus mechanisms, DeFi, and Layer-2 scalability.
